WHAT DAVID'S CLIENTS SAY:

"We knew that our approach to managing our income and finances was in desperate need of review. David invested time to fully understand our life circumstances and goals and by taking this holistic approach, David was able to present a set of recommendations that we were immediately comfortable with. The service provided by David and Heather is certainly the most professional we have encountered in the financial planning industry and we continue to recommend David to friends, family and colleagues." *J & S, Abbotsford*

"We chose David Love as our financial adviser after bad experiences with our previous two advisers and went through a very careful selection process before selecting him - we could not afford to get it wrong a third time! Our experience over the last three years has more than exceeded all our expectations and we have found David to be thorough, conscientious and a pleasure to deal with. We would have no hesitation in recommending him to others looking for sound financial advice and planning." *D&E, Annandale*

"Before seeing David we had met with a few financial planners. We are in our early 30's and earning good money, but no-one seemed to take us seriously, or understand what we needed. From the very first meeting David made us feel comfortable and confident, with his help we have saved more money than we ever thought possible, and yet we are still able to enjoy our lives without committing everything we earn to savings. We have come a long way with David's help and couldn't imagine making any major financial decision without his expert advice." *J&B, Bondi*

"When we both retired we wanted to restructure our assets, to suit a retirement lifestyle and provide an income throughout our lifetimes. This was clearly going to involve maximising returns, minimising tax, preserving capital and making the best use of superannuation proceeds. David's initial advice and ongoing commentary has helped us reach a structure which we believe will meet our objectives. The performance to date of the restructuring is testament to the quality of his advice." *W&J, Haberfield*

"It has been invaluable to have David's advice and guidance over the last few years, my only regret is that I did not find him earlier in my career." *MC, Waverton*
